Feb.10th,1917.

President R.A.Falconer, LL.D.,C.M.G.,
University of Toronto.

Dear Dr.Falconer,

As requested I am sending you a very brief statement of what Victoria has done to help in the war.

Three of the four Houses of Residence in Burwash Hall have been given over entirely for the accommodation of the School of Musketry and the members of the O.T.C. All these get their meals in Burwash Dining Hall, and ~~I should think that we are looking after~~ are provided for at least 150 soldiers in this way.

In addition, our lecture rooms have been open to military classes for lectures whenever required,and have been made use of very many times for these purposes.

Yours truly,

R P Bowles
